20<sup>th</sup> January 2020

A Chara,

Your son/daughter is going on a trip to Boston Scientific on Wednesday 22<sup>nd</sup> January as part of their Link Modules programme.

The schedule for the visit will involve a presentation which gives a site overview and a look at their product portfolio. We will also look at the people behind their products, the diverse career paths at Boston Scientific and their backgrounds in STEM. The group will then be divided up and they will get a site tour with some interesting stops along the way showcasing the sites innovative capabilities.

To partake, students need permission to be included in photos which may be taken during the visit and used on the school and Boston Scientific website, social media channels and any other promotional material such as brochures.

If you do not wish for your child to be included in photographic material which may be taken during the tour, please contact me @ [louise.tyler@abbeycommunitycollege.com](mailto:louise.tyler@abbeycommunitycollege.com) before 8pm on Tuesday 21<sup>st</sup> January 2020.

Le gach dea – ghui,

  
Louise Tyler  
L.C.V.P. Teacher
