26th November, 2021

Dear Parent/Guardian,

I am a final year student teacher of the BSc Science Education degree in University College Cork (UCC). As part of my training to qualify as a science teacher, I am required to reflect on my teaching style and teaching methodology used in teaching science in the classroom. To facilitate this reflection, UCC requires me to present a recording of my teaching to my fellow students in my tutorial group as part of a microteaching session held in UCC.

Only one science lesson will be recorded between the 10th and 17th of December, 2021. The video recording will be taken from the back of the classroom and the camera will be focussed on me, as the teacher rather than on the students. Only a short section (15 minutes) of this video recording will be used within UCC. I would be very grateful if you would give your consent for your child to participate in this lesson.

If you do not wish for your child to partake in this specific lesson, please contact me via email at info@abbeycommunitycollege.com before Friday, 3rd December, 2021.

Yours sincerely,

Anna Foskin

Teacher of Science
