### STUDENT COUNCIL INITIATIVE

#### FREE Studyclix PLUS Account Access 3<sup>rd</sup> Year Students

A chara,

We are excited to inform you that all 3<sup>rd</sup> year students in Abbey Community College **are now being provided with access to a Studyclix PLUS Account at no cost to the student and their families.**

Studyclix.ie is Ireland's most popular study website and helps students revise using questions, videos, notes and quizzes.

We have a very pro-active Student Council in our school and we value and encourage student voice. Our Student Council believe that Studyclix can be used as an academic tool to progress student achievement and with interactive features such as chat and videos, students will be able to enjoy studying more.

Following a series of meetings with students, staff, the senior management team and myself, we have decided to purchase Studyclix access for our students. The cost of this initiative is being fully paid for by the school and will give equal academic opportunities to all. We believe this access will compliment the excellent learning and teaching taking place in Abbey Community College each day and will assist our students in their studies outside of the classroom setting.

All 3<sup>rd</sup> year students have been provided with their registration details for Studyclix (see example of sheet on next page). This is a valuable tool and we would ask that you assist them with this process this evening. Each code provided is unique and can only be used once. Please do not share this code with anyone.

For more information on how Studyclix can support your child's learning, go to [www.studyclix.ie](http://www.studyclix.ie) or [click here](#) for more information on our school website.

Yours sincerely,

Michelle Jefford  
Principal
