## School Self-Evaluation Update

March 2023

### What is School Self-Evaluation (SSE)?

School Self-Evaluation (SSE) is the name given to the process to help improve our school. All members of our school community work together to critically reflect on current provision and affirm good practice. It allows us to collaboratively identify areas that could be improved to benefit student learning experiences and outcomes.

### SSE FOCUS AREA - WELLBEING / ETHOS - RESPECT

#### RESPECT WEEK 9TH - 13TH JANUARY

As part of our whole-school promotion of wellbeing and school ethos, *Respect Week* took place in Abbey Community College from Monday 9th to Friday 13th January and was a great success.

It was an opportunity for our whole school community to start off the

New Year with a positive focus on respect, whereby all members recognised their own uniqueness and engaged in positive relationships with each other.

Each day, activities took place to promote self-respect and respect for others. In preparation, we ran a motto competition for all class groups with the winning entry coming from 3rd Year Lismore 'Respect is free. Respect is key to life in the Abbey'.

Respect Week was a huge undertaking for a school of

almost 1000 students. It was so important for us to ensure that this was an inclusive event whereby all students were involved in activities and that respect was being promoted at a whole-school level. Parents and guardians were informed daily of the activities which took place and encouraged to engage in conversations around these at home.

Respect has always been a core value of our school and it is of utmost importance that we promote a respectful environment for all members of the school community.

#### Wellbeing / Ethos SSE Targets

- Promote respect amongst our school community whereby all members engage in positive relationships with each other.
- Promote the meaning and role of Ethos in our school community focusing on the core value of respect.

### SSE FOCUS AREA - TEACHING & LEARNING - HOMEWORK

#### Teaching & Learning SSE Targets

- Promote meaningful engagement with homework tasks.
- Reduce negative points incidents of poor / no homework by 10%.
- Increase incidents of positive behaviour points by 10%.

#### As a school community, what can we do to ensure we reach our targets?
