January 2024

Dear Parent / Guardian,

I am writing to you regarding your child's progress in Leaving Certificate Computer Science.

On the 4<sup>th</sup> December 2023, the State Examinations Commission (SEC) released the 6<sup>th</sup> year's coursework "brief" (project).

The brief asks them to plan, design, create, test and evaluate an artefact to measure an indication of modern *wellbeing*.

This is to be done in class time over a 10 week academic window. This is part of the Leaving Certificate course and this practical component / coursework is worth 30%.

The deadline for submission of this work is Tuesday 12<sup>th</sup> March 2024.

You will understand that with both the pre exams running into mid-February and the mid-term break that time to complete this work is limited.

As per the Department of Education, this work must be completed in school under the supervision of the class teacher. This work must not be removed from the school under any circumstances as doing so will result in the practical component / coursework being considered invalid and no marks will be awarded.

Should you have concerns or questions please contact me in school on 051-832930 or by email to [tim.slight@abbeycommunitycollege.com](mailto:tim.slight@abbeycommunitycollege.com) at your earliest convenience

Kind regards

Mr T Slight

Computer Science Teacher
