1st February 2024

1st Year Mathematics – Ms. Whittle

A chara,

As part of the Junior Cycle Mathematical specifications, students study the topic *Solving Equations*.

Solving Equations is a very important topic but can be a difficult concept for students to grasp. In order to further student engagement in this topic, we will be undertaking role play as a learning strategy in the classroom.

I wish to record this lesson activity to replay it for the students and further their understanding of this topic. The content, which will include images and recordings of the class may be shared with other mathematics classes as a learning tool. It may also be shared on our school website and social media platforms.

If you do not wish for your child to be included in photographic/video material which will be taken during these lessons, please contact the mathematics teacher, Ms. Whittle via email at info@abbeycommunitycollege.com before Tuesday 6th February 2024.

Yours sincerely,

Rachel Whittle
1st Year Mathematics Teacher
